INFORMATION ABOUT THE COMPANY/INSTITUTION

LOGO	
WEBSITE	www.fisiology.it
INFORMATION ABOUT THE CITY AND THE AREA WHERE THE COMPANY/INSTITUTION IS LOCATED (General information about SECURITY, ACCOMODATION, PUBLIC TRANSPORT...)	Forlì is a small, provincial city, with an important university complex, and very quiet in the Emilia-Romagna region. Located in the central-northern area of Italy. Near important cities as Bologna, Firenze. Very well connected with high speed trains to Milan or Rome
GENERAL INFORMATION ABOUT THE COMPANY/INSTITUTION	Fisiology is a modern rehabilitation medicine clinic, with a Sport Performance area, and a Biomechanics and Functional Evaluation laboratory. Developed in the new headquarters in 2008 after its birth in 1993... It collaborates with some research centers such as the University of L'Aquila, various sports federations (Olympic athletes), and an experimental center with Technogym (a leading company in technology development for both wellness and health.) and Microgate (assessment and cognitive technology company)
SIZE OF THE COMPANY (EMPLOYEES)	Structure of about 1000 square meters with about 30 professionals who collaborate
NUMBER OF PEOPLE AT THE DEPARTMENT WHERE THE TRAINEESHIP WILL TAKE PLACE	It depends on the times...
MAIN ACTIVITY OF THE COMPANY/INSTITUTION	orthopedic and physiatric visits pain medicine osteopathy and posturology water rehabilitation and training orthopedic, traumatological and sports rehabilitation, return to play, assessment in biomechanic lab and functional evaluation
A BRIEF EXPLANATION OF MAIN PROJECTS	the project is aimed at understanding the management of various pathologies and understanding how to manage the subsequent phase of rehabilitation and training through objective data from the evaluations, giving great importance to the neuromuscular aspects and those related to the recovery of efficient motor engrams. I don't recover a movement, but an automatic motor action.
