<p>INFORMATION ABOUT THE CITY AND THE AREA WHERE THE COMPANY/STITUTION IS LOCATED</p> <p>(General information about SECURITY, ACCOMODATION, PUBLIC TRANSPORT...)</p>	<p>Amsterdam is the capital of the Netherlands. It is a vibrant city with many inhabitants from all over the world. Despite its size, it doesn't feel huge and one can really feel at home fast. The city is really open and if you want and feel like it; making new friends is very well possible. As in every big city, less good things happen in Amsterdam, but generally it is a very safe city with many parks and we even have the Amsterdam Forest. We have many festivals. The climate has its variations, it can be cold, windy and rainy but frequently the climate can be friendly and dry, summers can be even warm by times. No year is the same.</p> <p>The public transport is very good; Bus, tram, metro and train take you everywhere if needed and since Holland is not so big- you can easily plan daytrips to other cities. Next to that; Amsterdam is the city of bikes, so if you practice a bit; you can save some money because the public transport isn't the cheapest.</p> <p>If you want a room/house under 600 euro per month; the best thing is to arrange a flat when you arrive (this was explained by our foreign employees) and stay a little while in hotels/hostels or air bnb-places. Searching something from abroad <u>is not so easy</u>.</p> <p>Our office is situated in the Centre-West part of Amsterdam in the new Harbour development area called 'Houthavens' and it takes around 10 minutes to really get into the citycentre from there. Special is that we are situated on the third floor in a building with media and art companies with a spectacular view over the harbour skyline of Amsterdam. It is a modern building and we have a bright and light office.</p>
<p>GENERAL INFORMATION ABOUT THE COMPANY/INSTITUTION</p>	<p><b>NOAHH   Network Oriented Architecture.</b> NOAHH is an all-round international operating architectural office and was founded by Patrick Fransen in 2014. However a relatively young firm, NOAHH is a leading Dutch expert in theatres, performing arts and music centres and schools. Our networking attitude creates successful frequent collaborations with local experts and partners. Surrounded by a young international team (over a dozen of different nationalities) of designers and technical experts, NOAHH can serve clients in several fields and countries in Europe.</p> <p><b>Patrick Fransen</b> Patrick Fransen our founder and principal architect (1967; graduated with honours in TU Eindhoven) has a wide experience managing and guiding large teams of architects and experts working together closely. This experience resulted in a more networking-oriented attitude and the need for an in-depth research into this way of working. By creating NOAHH, he was able to explore this way of working more thoroughly.</p> <p><b>Loes Thijssen</b> As partner and creative director Loes Thijssen (1990; graduated with honours in TU Delft) runs the research department of the office and directs the office strategy. Loes is also involved in larger complex projects and competitions. Her interest lies in adaptive environments and future cities.</p> <p><b>Strengths/ Experience/ Specialisation</b> NOAHH is specialized in complex projects, such as cultural and leisure buildings, spatial organisation and multifunctional accommodations of different sizes. The Culture Cluster (Amare) in The Hague and the Music Centre TivoliVredenburg in Utrecht and Theater a/d Parade in 's Hertogenbosch, Glanerbrook Sportspark in Geleen are recent examples of its</p>

	designing ability. TivoliVredenburg won the Rietveld Award 2015 and was also nominated for the Mies Award 2015. In 2018 we won the Arc Interior award for best interior design of the year in the Netherlands with the project MFC Doelum in Renkum and in 2022 we won the Arc Interior award for best interior design of the year in the Netherlands with the project Christian Lyceum in Veenendaal. We believe in the social aspects of the architecture and urbanism. The projects are always the result of an intensive, service-oriented interaction with our clients, our partners, the budget and the project context.

MAIN ACTIVITY OF THE COMPANY/INSTITUTION	Architecture, but we also do urban and interior design. We work on projects from first sketch to the physical opening of the building.
A BRIEF EXPLANATION OF MAIN PROJECTS	<p>Our portfolio and interest is mainly focused on cultural, leisure and education buildings in various scales from 200 to 50.000 m2. Next to that we are also experienced in commercial-, utility and housing projects. The most important thing is that we can work on the social aspect of a building or urban plan.</p> <p>In 2023 the focus is mainly on</p> <ul style="list-style-type: none"> <li>- transformation of ESA-ESTEC buildings formerly designed by Aldo van Eyck in 1989. Noordwijk NL</li> <li>- Lyceum Campus CSG Reggesteyn in Veenendaal NL</li> <li>- Theater at the Parade in 's Hertogenbosch NL</li> <li>- Sportspark Glanerbrook in Geleen NL</li> <li>- Sports Centre The Geelenberg in Druten NL</li> <li>- Primary school in Groningen NL</li> <li>- Sports and Neighbourhoodcentre in Langenboom NL</li> </ul> <p>And many other projects and competitions See also <a href="http://www.noahh.nl">www.noahh.nl</a> for a project overview</p>
PREVIOUS COLLABORATION IN INTERNSHIP/TRAINING PROGRAMMES?	Yes (Eure-S, Erasmus, Campus world) and next to that we had many interns through our network, directly from universities or because of direct applications, working at our office during the past years.
OTHER COMMENTARIES	<p>Amaia Oyabide, who came to Holland within your program in another architecture firm that we know, worked after the program for almost 2 years in our office and we really enjoyed her stay, as well personal – she is a great person as a colleague – as business wise; she really is a good and talented employee who really contributed in a positive way to our office works.</p> <p>Recently we had in our office Xabier Larrinaga, who got a 3 year contract after his exchange program. And Unai Oraa Gallestegui and Ekaitz Cachorro who got a 1 year contract after the exchange program</p> <p>Currently we have two people from your program successfully working; Ekaitz Cachorro and Jon Aparicio. Both are offered a continuation after their exchange program.</p>
