

INGLÉS: LITERATURA Y SU DIDÁCTICA

INGELES: LITERATURA ETA BERE DIDAKTICA

Características:

Asignatura obligatoria para la especialidad de Lengua extranjera. 4,5 cc (3 teóricos y 1,5 prácticos)

Descriptivos:

Brief study of the most important literary trends of British Literature. Basic concepts of literature for children and possible applications for the Primary English class.

Objetivos:

To learn English culture and language through literature.

To get familiarised with children's literature so as to improve language knowledge and learn to enjoy reading.

To learn strategies and techniques to use literature in the Primary English class.

Contenidos:

Topics:

1st. – Brief review of British literature (highlighting themes related to our subject).

2nd. – Reasons to include literature in the language classroom: Why? What? How?

3rd. – First encounters. Teaching/learning oral and written literature in the classroom:

- .Oral: novels, tales, role-plays, poetry, songs...
- .Written: novels, tales, drama, poetry, comics...

4th. – Working with a complete text: novel, short story, play, poem or tale.

Metodología:

Use of different resources (real texts, video-tapes, CD...) to provide input.

Practise of literary and teaching language through interaction.

Reading of at least one book followed by individual work. Search and adapt authentic material in order to elaborate material to work in the Primary classroom.

Tutoría:

Individual and small group tutorials. Supervision and assessment along the elaboration of the assignments.

Evaluación:

Evaluation will be continuous since tasks will be analysed and presented individually and in groups in class.

Final written exam about the content worked along the semester.
