

## **Summary line of work meeting 2 of the ToShare Observatory on Deepening the concept of wealth in relation to GDP**

Held on Wednesday, October 23, between 10:00 and 10:45 hours, in the Deanery (3rd floor) of the Faculty of Labor Relations and Social Work of the UPV/EHU and via skype.

Attendees: Asier Arcos (UPV/EHU), Amaia Ibarondo (Emmaus Foundation), Iñigo Antepará (ESK), Alberto Gastón (Emmaus Foundation) and Ángel Elías (UPV/EHU). Sorry for your absence Garikoitz Otazua (UPV/EHU)

In accordance with the sent agenda, the following items are dealt with at the meeting:

- 1) Information on the steps taken in the Observatory since the previous meeting held on 28 March 2019: contact with the 24 participating entities, keeping the website updated in Basque, Spanish and English, where many documents have been incorporated in the 6 lines of work, as well as disseminating various events. Four issues of the bulletin have also been published.
- 2) In the coming months, there are comments on continuing to share documents and publications, as well as generating a debate in social networks where, from the model of the social and solidarity economy and also the model of degrowth, the limitations of GDP are analysed. To this end, Asier will contact Gari and propose a base document, as well as a timetable and methodology to generate a debate forum that will be fed from this group.
