UNIVERSITY OF THE BASQUE COUNTRY'S MASTER'S DEGREES STUDIES 2024-2025

Master's
Degrees

**Master's Degrees
studies
2024-2025
UPV/EHU
*From all of us,
For all of you***

**It's public
It's ours**

Would you like to specialise further and gain qualifications with a postgraduate degree? If so, the University of the Basque Country is an excellent choice.

Our university is the Basque Country's largest higher education institution and offers more than 100 master's degrees. Structured in three campuses—covering the three Basque territories—, our community of students, lecturers and researchers aggregates 50,000 fellows.

No less than 60% of research-based knowledge produced in the Basque Country is originated at the University of the Basque Country, a multilingual institution where Spanish, Basque and English are equally spoken.

Ranked among the top 500 world universities, our strategic alliance with the University of Bordeaux (France) has resulted in the first cross-border campus in Europe.

After exhaustive assessment of our activity, we were accredited Campus of International Excellence by the Spanish Ministry of Education. Boosted by this recognition, we aspire to even higher goals: becoming one of Europe's best.

If you are interested in building on your academic and professional qualifications, the University of the Basque Country can offer you 100 different alternatives, a positive learning environment, optimal technical and human resources and above all the prestige of a university committed to research excellence and postgraduate teaching.

The Basque Country (Euskadi)

The autonomous community of the Basque Country, Euskadi, is one of the 17 regions composing Spain. It is a small territory, similar in size to Rhode Island state (USA); the metropolitan area around Lille (France) or the Rhein-Ruhr territory in Germany. Its alpine relief is combined with 246 kilometres of coastline alternating spectacular cliffs and fine sandy beaches.

The Basque Country has preserved its age-old culture, language and character throughout History. The main features of Basques (slightly more than 2 million citizens) are their powerful looks, energetic personality and love for their family, their land and their traditions.

The Basque Country is divided into three historical territories or provinces: Araba, Biscay and Gipuzkoa. The administrative capital of the Basque Country is Vitoria-Gasteiz, however Bilbao is the largest city in the region. Donostia/San Sebastián is the most popular tourist destination.

Our campuses

Campus of Biscay

A total 9 Faculties and Schools make up our biggest campus. Along with 2 of them being located in downtown Bilbao, we have 7 faculties in our University complex of Leioa (15 km from Bilbao) and School Section in Portugalete.

Capital of Biscay

Bilbao
Population: 343,173 inhabitants
www.bilbao.net

Campus of Gipuzkoa

It is composed of 9 Faculties and Schools; while the vast majority is located in Donostia/San Sebastián, we have Engineering School Section also in Eibar (40 km South-East from San Sebastián).

Capital of Gipuzkoa

Donostia-San Sebastián
Population: 182,930 inhabitants
www.donostia.org

Campus of Araba

Our smallest campus hosts 7 faculties very centrally located in the city.

Capital of Araba

Vitoria-Gasteiz
Population: 223,702 inhabitants
www.vitoria-gasteiz.org

Postgraduate courses

Our choice of master's degrees is designed to meet a wide range of needs, from the foundations to pursue a research career to the necessary resources for better professional development.

Master's Degrees are advanced or multi-disciplinary study programmes aimed at academic and professional specialisation or starting on the path to research work. A Bachelor's degree in Spain needs the completion of 240 ECTS, i.e. 4 academic years. Master's degrees can last 1, 1.5 or 2 years depending on their total credit amount (60, 90 or 120 ECTS).

Master's qualifications allow access to PhD studies.

Around 10 of our Master's Degrees are qualify graduates for regulated professions (lawyer, secondary education teacher...). Further information about PhD studies at <https://www.ehu.eus/en/web/doktoregoa/>

Applicants for Master's programmes with non-Spanish undergraduate studies are requested to provide their full Bachelor's degree credentials: completion certificate and exhaustive transcript of records. These documents must be provided in Spanish, Basque or English. If the university is outside the European Union, they must be authenticated. In addition to the documentation mentioned above, certification should be provided ratifying that the university qualification they have obtained (at their home university) entitles them to access a doctoral programme. qualification they have obtained (at their home university) entitles them to access a doctoral programme.

Admission and enrolment

Students must pre-register for both Master's programmes. This process is free of charge. Pre-registration for Master's Degrees usually takes place in March and full enrolment between June and July, although individual Master's courses may specify their own dates.

For more information please consult the website, send an e-mail or call the contact number provided for each course:

<https://www.ehu.eus/en/web/masterrak-eta-graduondokoak/university-masters-degrees>

Year-round calendar for Master's programmes

There are 3 pre-enrolment periods. Candidates may only select one Master's course in each period:

From 4 to 27 March.

From 27 to 31 May.

From 4 to 8 July

Students must have enrolled before attending lectures. Enrolment can be completed on line or at the Secretary's office of the faculty or school running the Master's programme, and students must have been notified of their acceptance onto the course in order to enrol.

Starting dates may vary from mid-September to early October, so please check the dates for your programme.

Each programme's academic calendar, weekly schedule and Master's thesis deadlines should be confirmed with the programme's academic director. The deadline for completing a Master's course is 30th September.

Scholarships

Foreign students taking a Master's Degree can apply for one of the study grants offered by the University of the Basque Country.

For further information see:

<https://www.ehu.eus/en/web/masterrak-eta-graduondokoak/university-masters-degrees/pre-enrolment-and-admission/scholarships-and-grants>

convocatoriasayudas@ehu.eus

Exchange opportunities

University of the Basque Country students: We have a number of Erasmus+ bilateral exchange agreements both at Master. International, degree-seeking students can apply for a Erasmus+ exchange to one of our partner universities.

Foreign students wishing to apply for an exchange stay at the University of the Basque Country: Please, check whether your university has a bilateral agreement with us and keep a close watch on application dates at your home university.
